RE:

President's Radio Address

As I mentioned to you this afternoon, Charlie Trie and his guest met with the President last night at the Asian Congressional dinner. Therefore, it is not necessary for them to be included for tomorrow's address.

It is, however, still very important that Mr. Y.Y. Wong, Chairman of Yeo Hiap Sing Limited, and Mr. Samuel Abraham, Chairman of Abraham and Company, be in attendance. Mr. Wong is a very successful businessman who does substantial business with a number of U.S. companies. Mr. Abraham is an Indian-American who has been extremely supportive of the President (D.O.B. 4-11-45).

I was personally introduced to Mr. Wong by Ambassador Nathan of Singapore. The Ambassador identified Mr. Wong as one of Singapore's most prominent businessmen, and as someone who is very helpful to U.S. businesses.

I have personal knowledge of Mr. Wong's character and will accompany him to the address. Below is the information you will need to pass on to Tony or Sandy:

RE: NAM VAN LAKES

Dear Mr. Ng:

I am writing to you to express our interest in the Nat. Van Lakes development in Macau. I visited the project in April and was most impressed with the development plan and the various principals associated with the placet. I certainly form the cornerstone of Macau when completed and provide the important infrastructure for the new special administrative region.

In recognizing some of the financial constraints placed on lending institutions to fund a development of this magnitude, we feel that U.S. based property trusts and pension funds have the means, and clearly the interest, to invest a portion of their considerable capital base into Nam Van Lakes. Interest in the growing freign property markets, especially in Asia, has been very apparent with U.S. institutions ...eently. We anticipate this trend will continue for the foreseeable future.

We wish to pursue the property fund conclients. However, before doing so, it is necessary to have from you a commitment from the Macau Government that an invent will be acceptable as a means to finance and invest in Nam Van Lakes Furthermore, it is our intention that such a fund would be marketed to individue in Maca. as well.

We look forward to your early confirmation, so that we may commence with our arrangements with the investment groups. Thank you.

Very truly yours,

Mark Middleton

RE: NAM VAN

Dear Mr. Ng:

I am writing to express our interest in the Nam Van Lakes development in Macau. I look forward to visiting this project in August. I am certain it will form an important cornerstone of Macau when it is completed.

In recognizing some of the financial constraints placed on lending institutions to fund a development of this magnitude, we feel that U.S. based property trusts and pension funds have the means, and clearly the interest, to invest a portion of their considerable capital base into Nam Van Lakes. Interest in the growing foreign property markets, especially in Asia, has been very apparent with U.S. institutions recently. We anticipate this trend will continue for the foreseeable future.

We wish to pursue the property fund concept in considerable more detail with our investor clients. However, before doing so, it will be necessary to have from you a commitment from the Macau Government that an investment vehicle of this nature will be acceptable as a means to finance and invest in Nam Wan Lakes. Furthermore, it is our intention that such a fund would be marketed to individuals in Macau, as well.

We look forward to your early confirmation, so that we may commerce with our arrangements with the investment group. Thank you.

Very truly yours,
